Pioneering Futures since 1898

Entrepreneurial Leadership in Place through the Royal Docks Centre for Sustainability

Vision 2028

CAREERS FIRST UNIVERSITY

Activities

- Breaking down silos- alignment of strategies to facilitate cross-portfolio activity;
- Commitment to co-creation of external needs driven products/services across portfolios;
- Linking multiple projects with external organisation across schools and services;
- Use of civic activity as a gateway to commercialised opportunities;
- Capturing successes to showcase and drive activities.

Effective Engagement Across the Employer Ecosystem

Proactively Know and Inform on the Wider Environment in which our Communities and Employers Exist

Proactively Know, Influence, and Inform Policy, Funding and other Initiatives to Develop the Wider Environment for Communities and Employers

Proactively Know, Support and Develop the External Client Needs and Ambitions at Both Sector and Individual Level

Proactively Know, Empower and Support the Internal UEL Client to maximise engagement

Considerations:

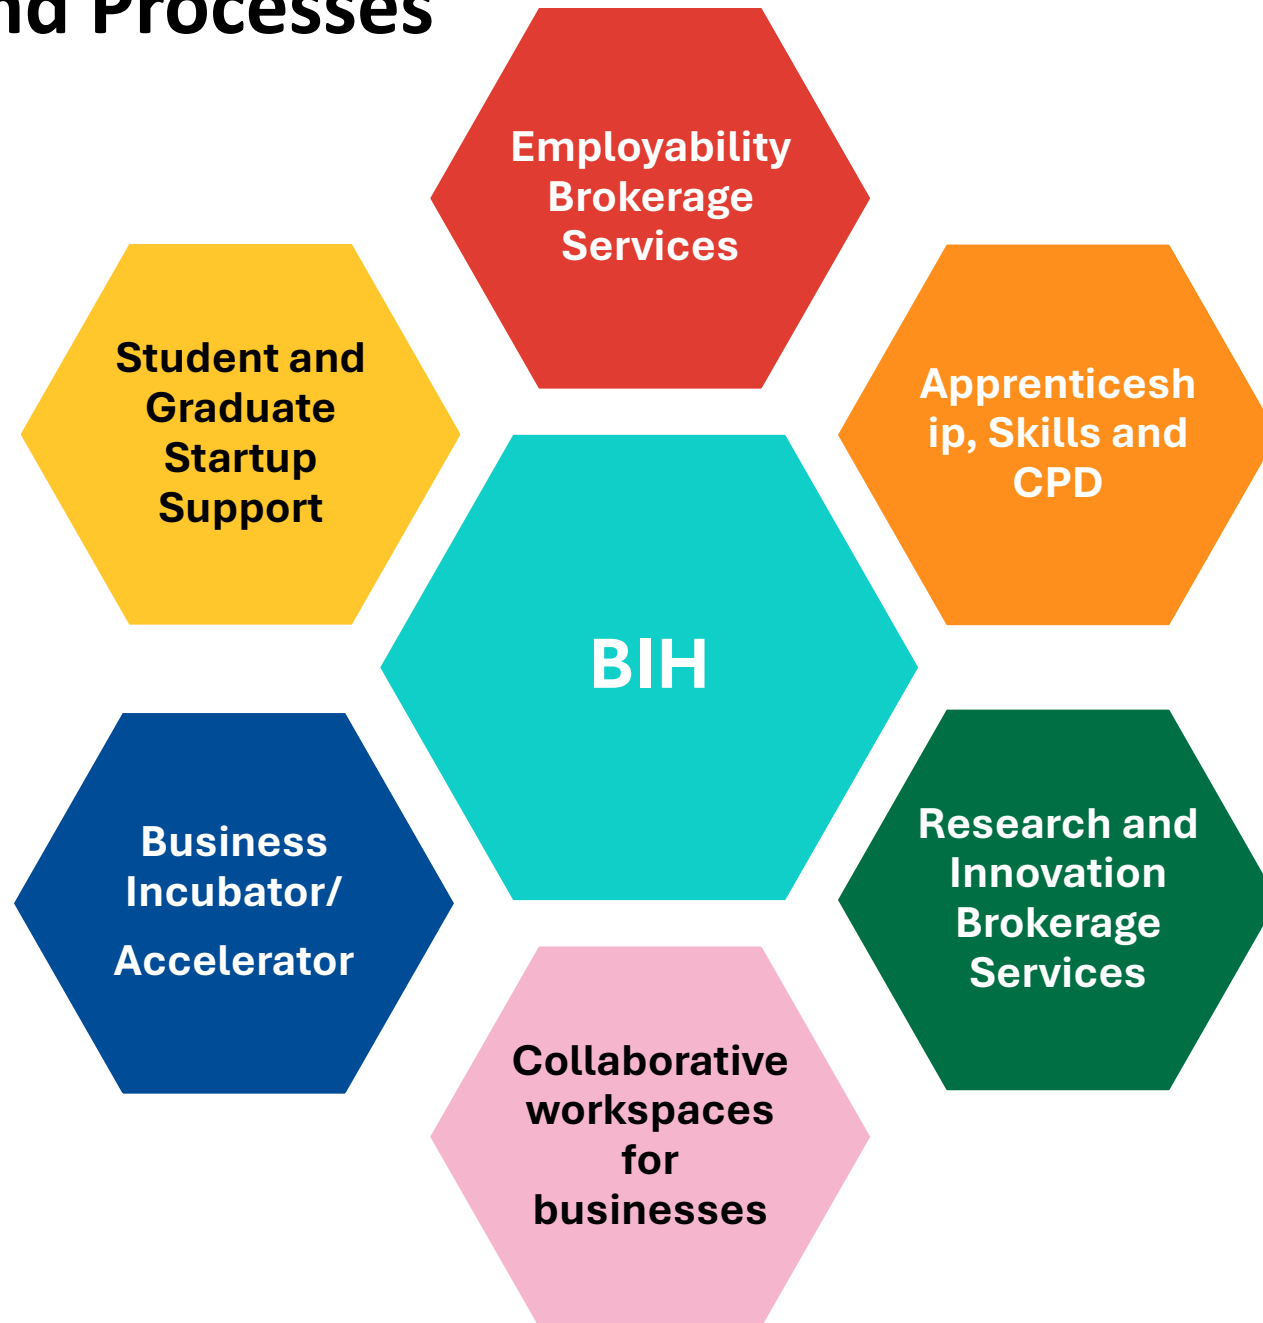

Challenges of productivity, addressing inequalities to benefit all stakeholders, development of future and current workforce, start-up and scale-up, emerging sectors, FDI.

Supporting existing and emerging industries, shaping of and aligning to funding initiatives and policies for growth, seat at the table for design and delivery of plans as a trusted leader in place.

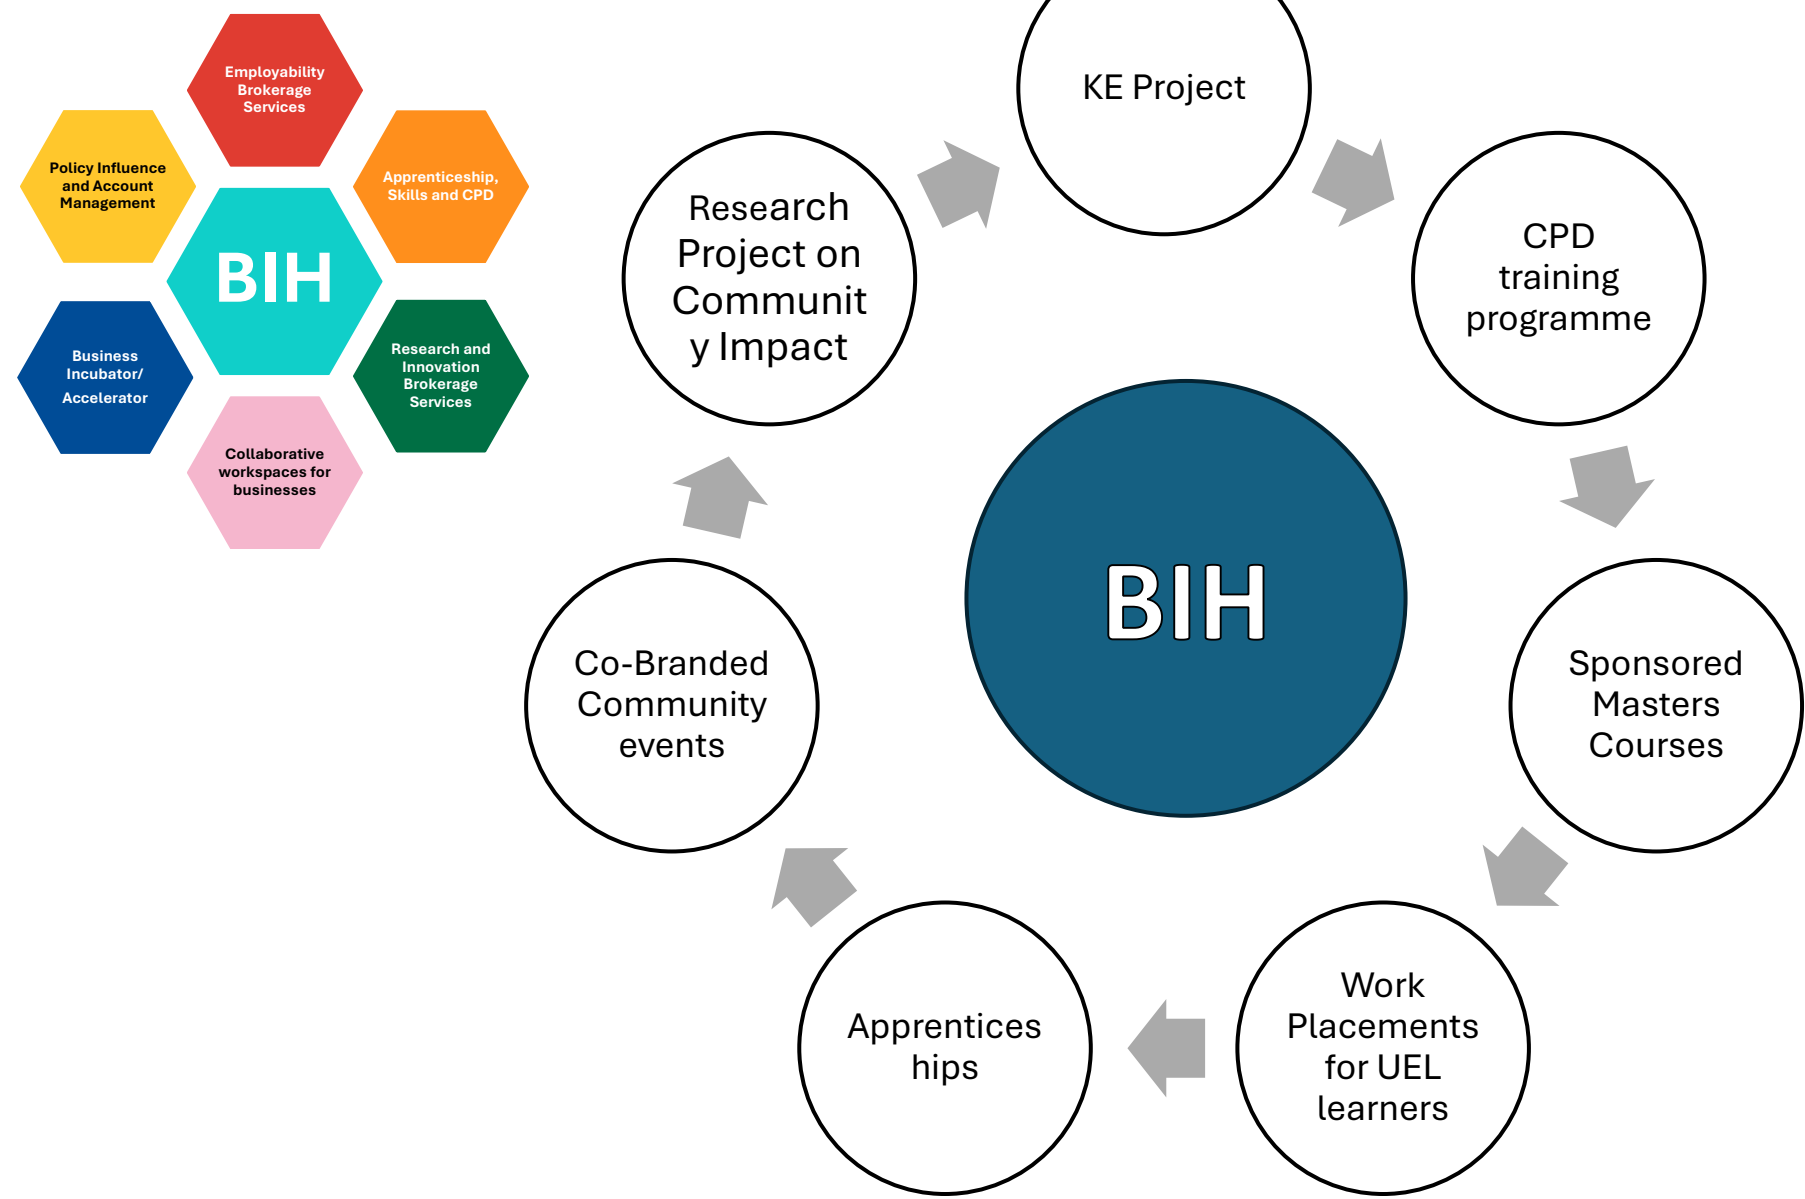

‘Solution focus’ of high-quality integrated engagements with sector leading account management, maximising the commercialisation opportunities and impact across targets and metrics.

Empower colleagues across UEL to engage and collaborate through insight, guidance, and career development.
